SUMMARY

IT infrastructure professional with 4+ years supporting large enterprise environments, focused on operational continuity, network reliability, and technical problem-solving. Combines hands-on infrastructure experience with modern cloud, networking, and observability practices, backed by formal IT education and military leadership experience.

PROFESSIONAL EXPERIENCE

IT Support Associate II | Amazon Operations Technology Support (OTS) | Tucson, AZ

01/03/21 - 07/30/25 | Full time, 40 hours/week

- Provided on-site IT support across Amazon fulfillment sites and new site builds.
- Managed technical projects spanning OSI Layers 1–4, using each task as an opportunity to provide hands-on team instruction.
- Analyzed operational failures, identified root causes, and implemented policy-aligned remediation plans.
- Trained new Amazon OTS team members in virtual classrooms and provided ongoing technical guidance through the OTS mentoring program.
- Managed ServiceNow incidents and requests through prioritization, troubleshooting, escalation, restoration, documentation, and closure.
- Coordinated hardware lifecycle activities supporting operational continuity in a high-volume, 24/7 operation.

Military Service - Aviation and Infantry Assignments | Army National Guard

11/17/06 - 11/16/19

Assignments during this service period included:

Armament Aircraft Maintenance Technician, AH-64D (PMOS 15Y30) | Arizona Army National Guard, 1/285 Aviation Battalion | Red Rock, AZ

- Executed maintenance orders and directed a team of technicians in repairing AH-64D weapon systems.
- Carried out scheduled and unscheduled work on electronic equipment, including AH-64D avionics.
- Instructed new technicians in electronic troubleshooting with ULLS-A(E), pairing technical guidance with hands-on practice.
- Kept technical currency and followed OSHA requirements, documenting hangar safety practices that supported successful inspections and safe operations.

UH-60 Crew Chief (SMOS 15T3F) / Small Unmanned Aircraft System Operator | Arizona Army National Guard, Western Aviation Training Site | Red Rock, AZ

- Contributed to UH-60 crew projects by handling requisitions, completing repairs, diagnosing faults, and teaching short technical courses.
- Kept operator currency and progression qualifications for the Unmanned Aircraft Aircrew Training Program, meeting required flight-hour standards.
- Tracked and serviced Small Unmanned Aircraft System (SUAS) equipment, keeping inventory within budget and helping prevent the state program from becoming obsolete.

Infantry (SMOS 11B) | Army National Guard (OK, TX, SC) | Iraq

- Established and applied standard operating procedures for combat vehicle loads and convoy tactics; these standards resulted in 100% mission success.
- Advised leaders on adapting to changing combat conditions, providing route-specific guidance for routes linking each forward operating base (FOB) and supporting mission effectiveness.
- Led units on combat missions outside the wire throughout Iraq, building route familiarity and maintaining situational awareness across the area of operations.

Machine Gunner / Marksmanship Coach | U.S. Marine Corps | Camp Pendleton, CA

10/31/95 - 10/30/99 | Active duty

- Served as a machine gunner during multiple Western Pacific (WESTPAC) deployments with an amphibious assault unit, supporting security operations, light-vehicle patrols, and beach raids.
- Meritoriously promoted to Sergeant in the infantry ranks for leading by example and upholding performance standards that supported team effectiveness and mission readiness.
- Instructed and coached personnel in rifle and pistol marksmanship during qualifications and matches, including day and night firing.

COMMUNITY SERVICES

Volunteer – Disaster Humanitarian Aid | Team Rubicon | Tucson, AZ

- Team Rubicon mobilizes veterans to help communities prepare for, respond to, and recover from disasters and humanitarian crises.
- Remain active with the organization and ready to assist communities through its disaster-response work.

EDUCATION

- American Military University – Bachelor of Science in Information Technology (2014 graduate), Charles Town, West Virginia.
- American Military University – M.S. coursework in Information Technology Project Management (15 credit hours), Charles Town, West Virginia.

HONORS & AWARDS

- Bronze Star Medal - For exceptionally meritorious service during combat operations.
